

Private Limited Registration with MSME Udyam Registration and FSSAI Certificate – Simplified by Taxlegit

Introduction

Starting a business in India requires a reliable structure, and Private Limited Company Registration is one of the most preferred choices for startups and entrepreneurs. A Private Limited Company offers legal credibility, limited liability, and better funding opportunities, making it an ideal form of business. At Taxlegit, we offer complete end-to-end support for Private Limited Registration, along with guidance for essential registrations like MSME Udyam Registration and FSSAI Certificate, all under one roof.

Why Private Limited Company?

A Private Limited Company is governed under the Companies Act, 2013 and regulated by the Ministry of Corporate Affairs (MCA). It requires a minimum of two directors and shareholders and offers greater flexibility in terms of ownership and control. It also allows easy access to funding from venture capitalists, banks, and financial institutions. At Taxlegit, we ensure that your private limited company is not only registered smoothly but also well-equipped with all necessary government approvals including MSME Udyam Registration and FSSAI Certificate if applicable.
